

Art. 831 Best Condition Award

The OC may organise a Best Condition Award at all FEI Endurance Events. The purpose of this competition is to find the horse which is in the best condition having completed the event and been classified among the best horses (maximum the first ten horses). A horse can only be entered in the Best Condition Award if it arrived in a riding time close to the winning time. This will be decided by the Ground Jury.

Competitors are not obliged to enter their horses in this competition. The procedure as laid down in Annex V should be used to establish the Best Condition Award. It is recommended that all entrants in the Best Condition Award be subjected to medication control.
