▪ **Message from Desiree Hanen, NED**

Many of us have a subscription to Endurance World Magazine. It looks like since the September/October issue no magazines have been published anymore.

E-mails I sent to different addresses at Endurance World have been replied by an automated reply only. No further reaction/information from their end so far.

I checked with several people and it appears that it is not only my problem, but that indeed none of them received any issues for half a year.

Did anyone of you receive any? Does somebody know more on the backgrounds of why we didn't receive any new issues of Endurance World Magazine?

6 months of waiting is in my opinion long enough. I think action is required now to make them aware they should continue publishing of Endurance World and not only cashing the money for it.

It would be a shame if this magazine would be allowed to vanish just like that. In my opinion this glossy magazine can be seen as a valuable tool for the exchange of information on endurance around the world and as mature promotion material on our sports.

Please send your reactions to me by e-mail: [opgenbusschelen@yahoo.com](mailto:opgenbusschelen@yahoo.com)
