

NEWS & MESSAGES

11/04

In this letter you'll find

- Important message for National Federations
- Message from Milan Kysely, CZE

▪ **Important message for National Federations**

The FEI has sent to National Endurance Federations about one week ago

- the new proposed wording for the individual qualification criteria based upon input received from National Federations and the detailed review undertaken at the last Endurance Committee Meeting.
- two separate proposals for Nations qualification criteria which is at an early stage of planning.

The FEI asks for the views of the National Endurance Federations on each of the items by the 31st July 2004.

▪ **Message from Milan Kysely, CZE**

I am a representative for Endurance in Czech republic and a chef of equipe for travel to foreign countries.

We would like to gather information from Endurance Intercontinental.

Also I have a little suggestion to number 7/4 where you have written Zábřeh under SVK (Slovakia). Please correct it. Zábřeh is in CZE (Czech republic).

Milan Kyselý - CZE, Zábřeh
