25 AUGUST 2003

2003 FEI JUNIOR AND YOUNG RIDER ENDURANCE WORLD CHAMPIONSHIPS

Press Accreditation for the 2003 FEI Junior and Young Rider Endurance World Championships has started. The event will take place on 27th September at the Centro Equestre Federale, in Pratoni del Vivaro (Italy).

Press accreditation forms and details regarding accommodation and how to reach Pratoni del Vivaro are now available on the Italian Equestrian Federation (FISE) official website (www.fise.it), in the dedicated section 'Campionati del Mondo Junior e Young Rider Endurance 2003' and on the FEI website, section news, press service.

The press Accreditation process will close on 10 September 2003. All press accreditation applications must be presented only by using the official press accreditation form. All forms will have to be signed (and stamped) by

Suzanne Dollinger, 26/08/03

the editor of the media. Forms not properly filled and/or not signed by editor will not be accepted. All requests coming from freelance media (written press and photographers) will have to be accompanied by a letter, signed by the editor of the publication, confirming that the person will cover the event for that publication. AIPS and IAEJ membership will be considered.

▪ **World Championship Dubai 2004**

According to several rumours and informations, the possibility that the World Championship Dubai 2004 will be held in December instead of February, is growing enormously.

In the FEI Official Calendar, July 2003 the following is noted:

2004 World Championships, Endurance, UAE (TBC), December (TBC)

▪ **Veterinary Regulations, 9th edition, effective 1 January 2002**

It seems that several items were modified and approved by the Bureau. This concerns i.e. “Art.1011 Veterinary Examinations, Horse Inspections and passport Control“

which includes “Veterinary Examinations and Horse Inspections in Endurance and CICs”.

For a full text of the Veterinary Regulations, please check the FEI website
